

LAST YEAR WE IMPACTED 300,000 PATIENTS & THEIR FAMILIES

# Give Hope This Year!

## Family and Corporate Opportunities

Don't let the lack of financial resources become a barrier for a patient fighting cancer.

### **Harvesting Seeds - \$100,000** (\$8,333 per month)

The seeds continue to encourage life, and this level can do the same by helping to sponsor our ongoing phases of the Mistletoe Clinical Trial with The Johns Hopkins University School of Medicine or The Believe Big Institute of Health.

### **Smiling at the Sun - \$75,000** (\$6,250 per month)

The sunflower follows the sunlight, and this level can provide light/hope to 180 cancer patients with a grant that provides Mistletoe Therapy for an entire year.

### **Giving Grace - \$50,000** (\$4,167 per month)

The graceful petals provide beauty to the sunflower, and this beautiful level can finance our Patient Advocate team with one year of direct patient care.

### **Healing Partners - \$25,000** (\$2,083 per month)

The leaves are responsible for photosynthesis (energy), and this level can bring energy to 125 patients for free resources and a wellness grant to gain access to care.

### **Growing in Love - \$10,000** (\$833 per month)

Just like the stem supports the flower, this level can provide support through Oncology Nutrition Grants for 50 patients.

### **Rooted in Faith - \$5,000** (\$417 per month)

A strong root system anchors the flower, and this level can provide art therapy and a Believe Mug to 300 pediatric/adult patients.

### **Watering for Life - \$2,000** (\$167 per month)

Water is necessary to sustain the flower and help it grow, this level can provide mistletoes grants for 10 patients.

### **Planting Hope - \$500** (\$42 per month)

Planting the seeds into the ground to prepare for growth, this level can provide an inspirational Believe Mug to 33 pediatric/adult patients.

## **Partner with us today!**
